DIVE SPECTACULAR CHRISTMAS ISLAND!

Divers will be delighted to find a treasure trove of dive experiences, including grottos, drop offs, big fish and little critters. A highlight are the spectacular coral gardens which burst with a multitude of stunning colourful table corals. Shark lovers are in for a treat, with the waters around Christmas Island boasting many varieties of shark, including whitetip, grey reef and silky. As for the macro, keep your eyes peeled for ghost pipefish, harlequin shrimp and dragon moray eels. A particular feature of diving here are the caverns and caves, in particular Thundercliff Cave where divers can surface and walk into the cave to admire the stalactite formations.

This is certain to be a trip to remember!
